

# virtual visits platform

## Have the full payment history of your virtual visit clients right at your finger tips

As you can see in the image below, the payment history of clients to whom you've rendered services through the virtual visits platform is tracked and quickly accessible.

View monthly payment reports, as well as deposit breakdowns for each appointment completed, and any transaction fees incurred within the selected month.

Optum reimburses providers at the same fee schedule for virtual visit services as for those same services provided during an in-person visit. Optum also reimburses an originating site fee when code Q3014 is billed by an approved originating site that is contracted for reimbursement of that code.

The virtual visit platform is free to network providers who have submitted a signed attestation. There is an additional charge for prescribers who choose to use the affiliated ePrescribing software offered in conjunction with the virtual visits platform. There may also be nominal charges for automatic payment and deposit of member's copay through the platform, when applicable. These charges are similar to the service charges for accepting credit card payments in your office. Also, there may be additional charges for use of the platform to provide telemental health services to non-Optum members.
