

March 2019

Dear Optum Provider:

Optum manages the behavioral health benefits for KelseyCare Advantage, a Medicare Advantage plan in the Greater Houston area. The purpose of this communication is to remind you that your participation in the Optum Medicare network allows you to provide services to members covered under KelseyCare Advantage. Attached for reference are sample ID cards under KelseyCare Advantage.

It is also important to add, as a participating provider, you should be adhering to the specific access standards which are outlined within the Optum *National Network Manual* and are defined as follows:

- Respond within 24 hours to a Member request for routine outpatient care
- An initial MH/SUD appointment must be offered within 10 business days of the request
- An initial EAP appointment must be offered within three (3) business days
- Urgent appointments must be offered within required timeframes (MH/SUD - 48hours, EAP - 24 hours)
- Non-life-threatening emergencies must be offered within six (6) hours
- An immediate appointment must be offered for any life-threatening emergencies
- An MH/SUD outpatient appointment must be offered within seven (7) days of an acute inpatient discharge

If at any time, you are unable to adhere to these standards, you are asked to notify Network Management of your lack of availability for new referrals so you can be placed on unavailable status. Additionally, if you have opted-out of Medicare with CMS and no longer have a Medicare number, please also notify Network Management. Finally, if you are a group practice, please remember to steer any KelseyCare Advantage referrals to a Medicare eligible provider in your practice (not LPC's, for example).

Thank you for your continued participation in our network. If you have any questions about this communication, please contact Network Management via e-mail at: txbns@optum.com.

Sincerely,

Jon Severson
Director of Provider Relations, Central Region
