

**Re: NY Child Health Plus Benefit Expansion**

Effective Jan. 1, 2023, New York State is carving in additional Behavioral Health services into the NY Child Health Plus Plan (CHIP).

We are writing to inform you of the implementation of Child Health Plus members into the services below. We are amending your Provider Participation agreement to comply with laws, regulations and rules applicable to Child Health Plus programs.

The enclosed amendment allows for you to treat CHIP members for services designated to your organization that are covered under the CHIP Plan.

Child Health Plus will be carving in the following services for Behavioral Health:

- **Assertive Community Treatment Services (ACT), Young Adult ACT and Youth ACT**
- **Children and Family Treatment and Support Services (CFTSS)**
- **29-I Health Facility Core Limited Health-Related Services**

Sincerely,

Robert Bachor
